

HOME ENERGY STORAGE BATTERY

10KWh

Wall Mounted

- Integrated Design, Easy Installation
- Built-in BMS, Multiple Protections
- LFP Battery Cell, Safe and Reliable
- 6000+ Cycles, Ultra-Long Service Life
- Small Size, Space Saving
- 5Years Warranty

PRODUCT PARAMETERS

Product Model	ESS-B200S16-F	Cell Type	Prismatic EVE
Cell Specifications	3.2V200Ah	Rated Capacity	200Ah
Rated Total Energy	10KWh	Rated Voltage	51.2V
Electrical Parameters			
Voltage Range	40~58.4V	Standard Charging Current	0.5C@Continuous
Maximum Charging Current	1C@Pulse	Standard Discharge Current	0.5C@Continuous
Structural Parameters			
Weight	80Kg	Dimensions (H*W*D)	780x480x197mm
Protection Level	IP54	Cooling Method	Natural cooling
Indicator Status	Alarm/Operation/SOC	Installation	Wall-mounted

If the product size and parameters are different from the product specifications, the actual delivery shall prevail.

PRODUCT FEATURES

Flexible configuration
Easy installation

Outdoor application
IP54 protection

Off grid without power failure
Intelligent mode

Mobile computer link
Remote monitor

Manage charging discharging
Customized

Safe and reliable
Safeguard

PRODUCT DETAILS

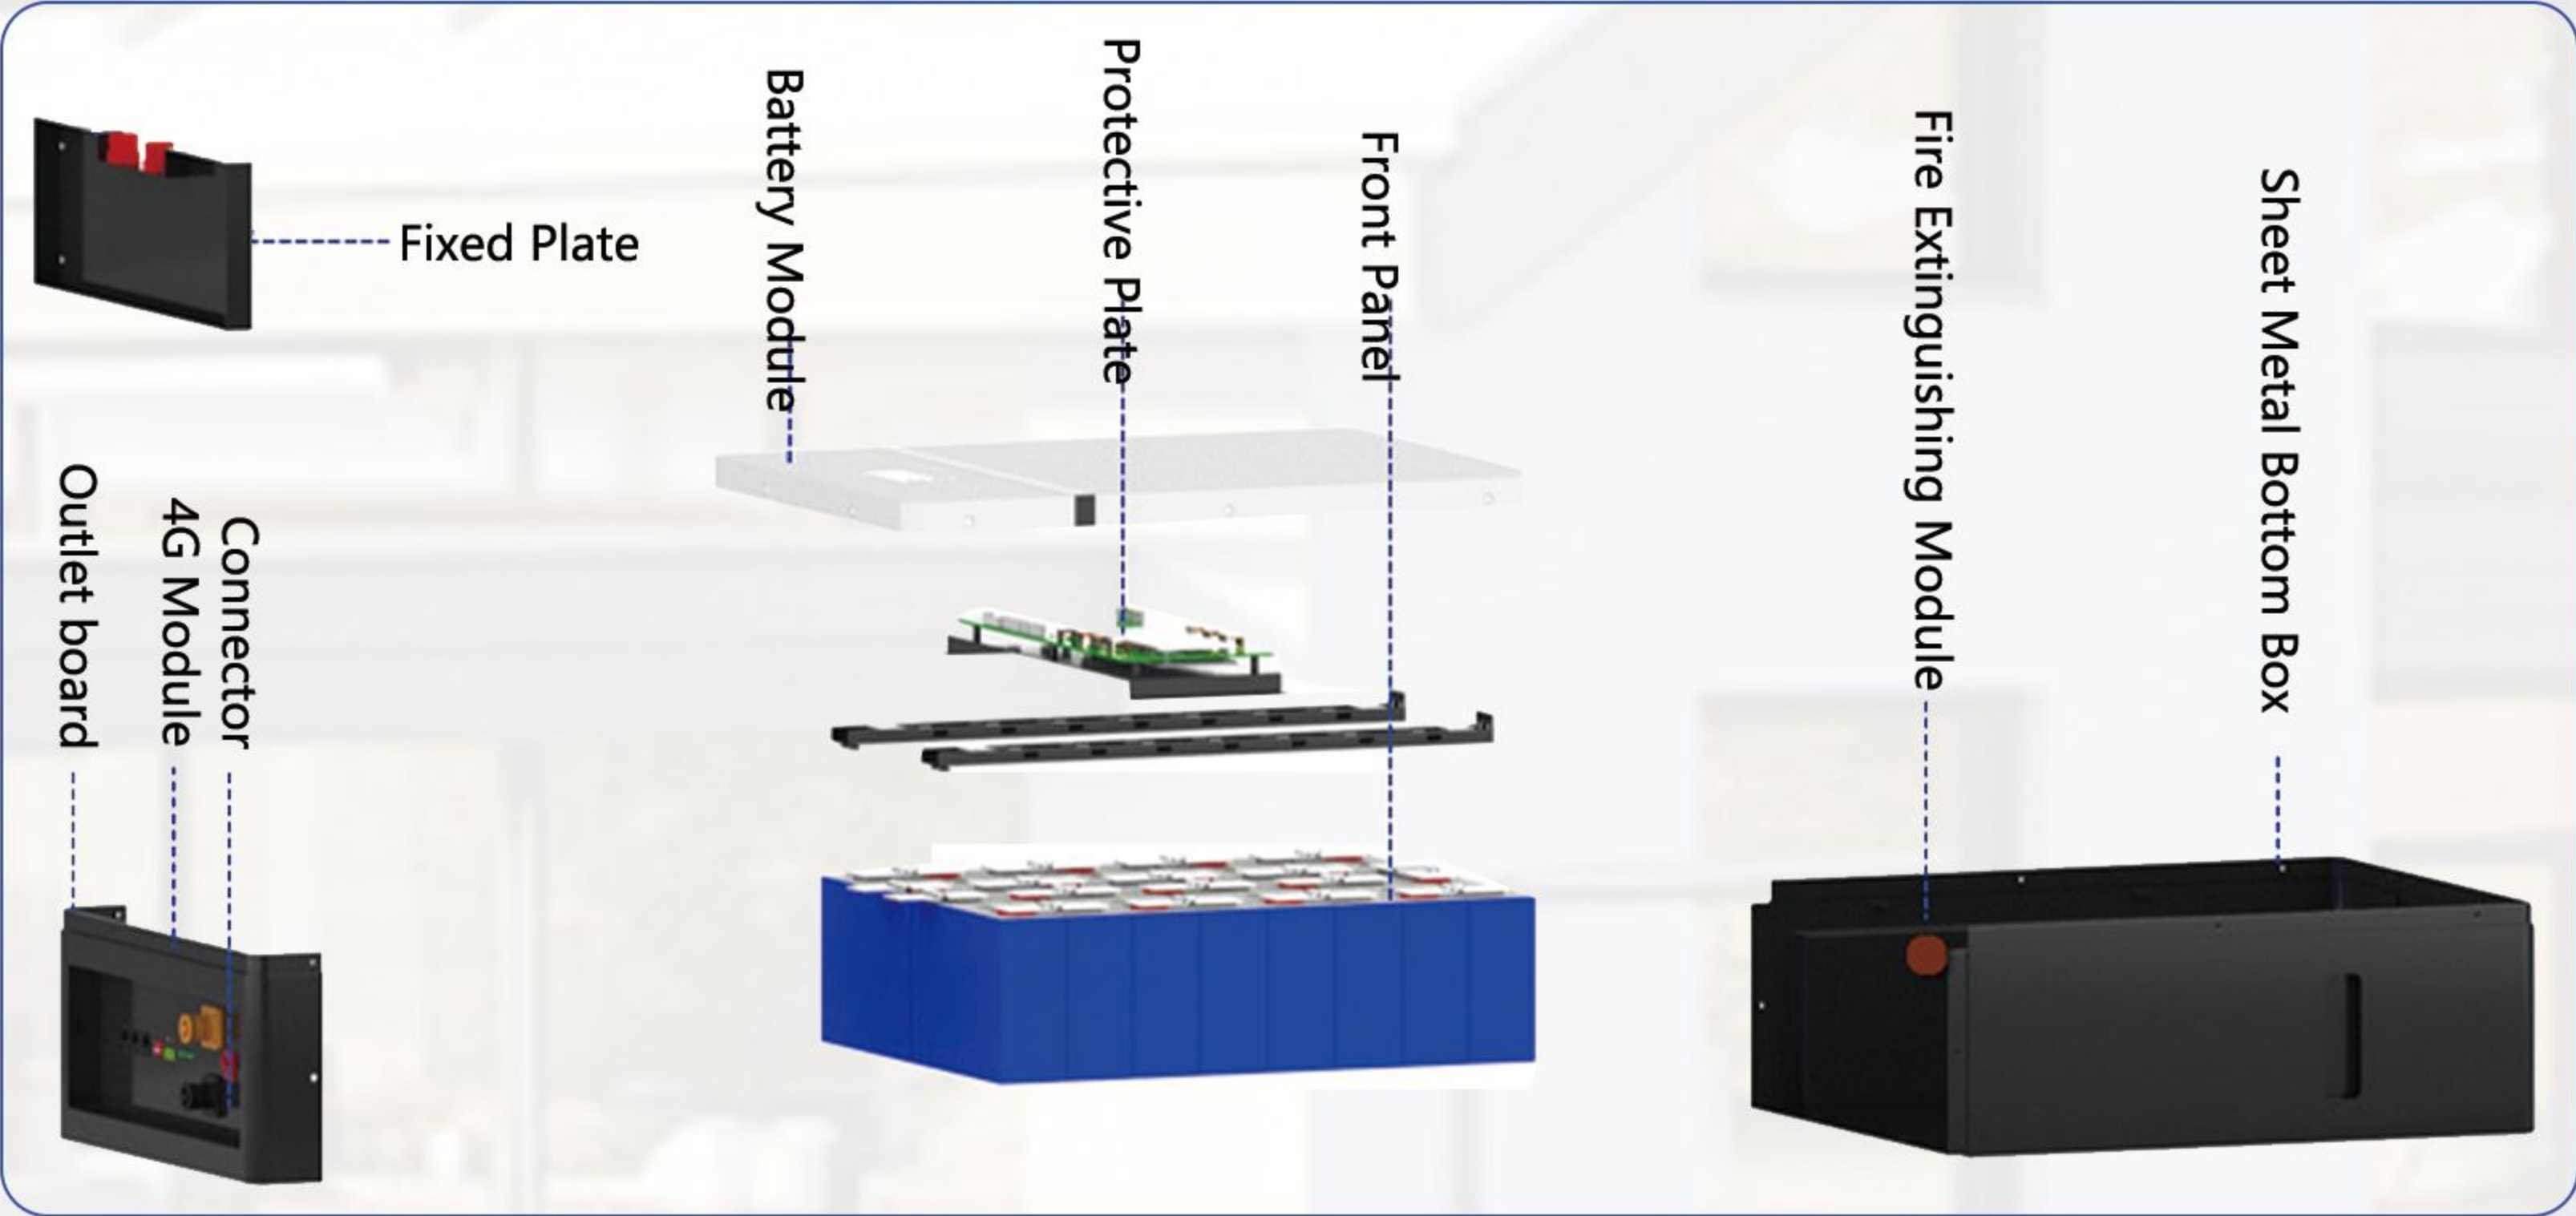

Intelligent breathing lamp

Comprehensive interface

one-stop structure

PRODUCT APPLICATION
